FUNDING FOR THE PROVISION OF TECHNICAL ASSISTANCE TO RESEARCH GRANTEES AND PROFESSIONAL SUPPORT TO THE CLEARWAY MINNESOTASM RESEARCH DEPARTMENT

INTRODUCTION

ClearWay MinnesotaSM is an independent nonprofit organization created with 3 percent (\$202 million) of Minnesota's 1998 tobacco settlement. Our mission is to enhance life for all Minnesotans by reducing tobacco use and exposure to secondhand smoke through research, action and collaboration.

Research is a critical component of ClearWay Minnesota's efforts to eliminate the harm caused by tobacco. As part of our 2008-2010 Strategic Plan, ClearWay Minnesota is committed to generating and actively disseminating research findings to inform and improve tobacco control policies, cessation programs and efforts to reduce tobacco-related disparities in priority populations.

ClearWay Minnesota is currently seeking applications for the Provision of Technical Assistance to ClearWay Minnesota Research Department and Grantees. This initiative will be funded through a competitive Request for Proposals (RFP) process.

This document includes information on scope of work, due dates and application procedures. This document and other information about the organization are available on ClearWay Minnesota's website, <http://clearwaymn.org/get-funding/funding-research/>.

AVAILABLE BUDGET & DURATION OF FUNDING

The initial contract awarded as a result of this RFP will be for a 12-month period, July 1, 2013, through June 30, 2014. ClearWay Minnesota has allocated \$175,000 for this 12-month period to be paid upon receipt of itemized monthly service invoices. We anticipate annual, 12-month renewals after the initial contract period. Annual extensions for a maximum of a five-year service period are available and will be based on performance.

RIGHT TO AMEND

ClearWay Minnesota reserves the right to amend or supplement this RFP without liability.

RIGHT OF REJECTION

This Request for Proposals does not obligate ClearWay Minnesota to complete the proposed project. ClearWay Minnesota may cancel the solicitation if it is not considered to be in our best interest. ClearWay Minnesota expressly reserves the right to reject all proposals or portions thereof without reason, cause or explanation.

FUNDING NOT GUARANTEED

No person or organization has a right to or expectation of such funding, except as provided in a fully approved and executed contract agreement. Approved funding may be withdrawn (or project approval may be rescinded) if the parties fail to reach agreement during the contract negotiation process.

CONFLICTS OF INTEREST

It is ClearWay Minnesota's intention to avoid any real or perceived conflicts of interest. Therefore, applicants and their subcontractors must not have any contractual relationship with any tobacco company or any other organization that is working in conflict with ClearWay Minnesota's mission and goals. Additionally, applicants must not have any affiliation with a current ClearWay Minnesota Board Member or a person who has been a ClearWay Minnesota Board Member during the year preceding the date of the application. A list of Board Members can be found on the ClearWay Minnesota website: www.clearwaymn.org.

BACKGROUND

ClearWay MinnesotaSM Research Grant-Making Program

ClearWay Minnesota is committed to supporting rigorous, scientific research in Minnesota that creates a foundation of knowledge upon which to design, plan and implement effective and innovative tobacco control interventions. ClearWay Minnesota has supported research projects to advance our knowledge of:

- The impact of public policies that reduce tobacco use and exposure to secondhand smoke;
- How to improve tobacco control programs to help people quit using tobacco; and
- How to increase the effectiveness of these programs for priority populations.

Over the past two years, ClearWay Minnesota has focused our funding priorities to place an increased emphasis on research that has the greatest potential to impact policy and practice within Minnesota and nationally, and to align research priorities with our long-term plans and goals. Since 2001, ClearWay Minnesota has funded over 65 research awards, totaling over \$19 million. Abstracts for all awards are posted on the ClearWay Minnesota website, www.clearwaymn.org.

For Fiscal Year 2014, we anticipate nine active research grants. Funding levels vary from year to year. A copy of ClearWay Minnesota's research funding portfolio, including summaries of the projects funded to date, is available on our website. CLEARWAY MINNESOTASM
CONTRACTOR/VENDOR -RELATED POLICIES

SMOKE-FREE WORKPLACES

Organizations receiving contract funding from ClearWay MinnesotaSM must provide a statement indicating that the worksite of the organization is smoke-free, unless tobacco use in the worksite is prohibited by law, or is an explicit component of a research treatment center.

CONTRACTOR/VENDOR INTERACTION WITH TOBACCO COMPANIES

ClearWay Minnesota will not contract with a tobacco company, its parent or subsidiaries.

- ClearWay Minnesota will actively seek to contract with individuals and companies that provide the best possible service and have no present or anticipated relationships with tobacco companies, their parents or subsidiaries, or currently work for, nor in the past 2 years, have worked for any company with significant revenue (15% or more) from tobacco-related products.

ClearWay Minnesota generally will not contract with an individual or company that currently provides mission-related services to a tobacco company, its parent or its subsidiary. Mission-related services include cessation, research, public relations, advertising, legal, consulting and educational services. ClearWay Minnesota may choose to contract with a company that currently provides mission-related services to a tobacco company, if the quality of the work is deemed significantly better than that provided by its competitors, and if the individuals working on the ClearWay Minnesota project have not worked directly with the tobacco company in the last 12 months, and agree that they will not work directly with the tobacco company while working on the ClearWay Minnesota project.

For the purposes of this Policy, tobacco is defined as commercially manufactured products containing tobacco, and does not include the traditional; cultural; spiritual; and ceremonial sacred tobacco use by American Indians.

CONTRACTOR/VENDOR COMPLIANCE WITH MINNESOTA GOVERNMENT DATA PRACTICES ACT

If ClearWay Minnesota contracts with a private sector person or entity to “perform any of its functions,” the contract must require the contractor/vendor to agree to be subject to the Minnesota Government Data Practices Act (Minn. Stat. § 13) with respect to any data “created, collected, received, stored, used, maintained, or disseminated” by the private contractor/vendor.

The contractor/vendor agrees to comply with the Act with respect to the agreement data as if it were a government entity (as defined in the Act). Agreement data is considered public information under the Act, unless it can be demonstrated that any given agreement data should not be treated as public information, including but not limited to that such agreement data is a “trade secret” pursuant to Minn. Stat. §13.37, subd. 1 or “nonpublic business data” pursuant to Minn. Stat. §13.591, subd. 1. Contractor/vendor understands that pursuant to Minn. Stat. §13.05, subd. 11, the remedies provided in §13.08 of the Act apply to the contractor/vendor.

INFORMATION PROTECTED AS “TRADE SECRET” UNDER THE MINNESOTA GOVERNMENT DATA PRACTICES ACT

Trade secret information is classified as “not public” under the Minnesota Government Data Practices Act (DPA). (Private, if data on individuals, and nonpublic, if data not on individuals.)
Section 13.37, subdivision 2.

Must Claim Trade Secret Protection

If an individual or organization believes that a document it submits to ClearWay Minnesota contains trade secret information, the individual or organization must do the following:

- 1) Clearly mark the information with the words “trade secret.”
- 2) Explain in writing how the information meets each of the three requirements in the definition of trade secret information.

Proprietary information is not defined or classified under the DPA. Therefore, proprietary information would be public data and available to anyone upon request. This is important because if someone marks something as “proprietary,” it is not the same as marking it “trade secret.”

In the event that contractor/vendor receives a request for agreement data under the Act, contractor/vendor agrees to notify ClearWay Minnesota promptly upon such request. In the event that contractor/vendor reasonably desires that certain agreement data requested not be disclosed, contractor/vendor shall give ClearWay Minnesota notice requesting that ClearWay Minnesota withhold specific agreement data from being disclosed. Such notice shall identify the specific agreement data that contractor/vendor desires be withheld, and the statutory basis for claiming that such agreement data is not public information.

ClearWay Minnesota will not reimburse contractor/vendor for any of contractor/vendor’s attorneys’ fees, costs or any other expenses incurred in responding to Act requests or requests for information from any government agency.

CONTRACTOR/VENDOR COMPLIANCE WITH CLEARWAY MINNESOTA’S CONFLICT OF INTEREST POLICY

ClearWay Minnesota will not give grants to, or enter into contracts with, a ClearWay Minnesota Board Member or ClearWay Minnesota employees or the family members of either while the person is serving ClearWay Minnesota and for one year after the person ceases to be a Board Member or employee of ClearWay Minnesota.

If a family member or relative of a Board Member is, or becomes, affiliated with an organization that has a grant or contract with ClearWay Minnesota, that organization must:

- a) Certify in writing to ClearWay Minnesota that the family member or relative will not solicit, supervise, manage, administer or have a financial interest in the ClearWay Minnesota grant or contract for the duration of that grant or contract;
- b) Submit the certification within 30 days after the disclosure of the relationship to the affiliated organization or a written request from ClearWay Minnesota; and

c) Promptly update the certification if the status of the family member or relative changes.

“Family members” of a person are the person’s spouse or domestic partner, parents, stepparents, siblings, children, stepchildren, and spouses or domestic partners of the person’s children and stepchildren. “Relatives” of a person are the person’s aunts and uncles.

CONTRACTOR/VENDOR LIABILITY AND INSURANCE REQUIREMENTS

Contractor/vendor shall be solely responsible for obtaining, and any expense in obtaining, medical, dental, life, liability and all other insurance for contractor/vendor for the Term. Contractor/vendor understands that it is not covered by the insurance policies of ClearWay Minnesota. Contractor/vendor shall be responsible for obtaining, at contractor/vendor’s sole expense, licenses and permits usual and necessary for performing the Services.

CONTRACTOR/VENDOR FINANCIAL INFORMATION

ClearWay Minnesota may request detailed financial information from applicants to verify the organization’s good financial standing and capacity to successfully complete the ClearWay Minnesota project.

A summary of this financial due diligence review is shared with staff and/or the external reviewers. However, submitted financial documents are normally not shared with external reviewers in order to protect applicant’s nonpublic or proprietary information.
